## Systematic Review Clinic

---

### Facilitator

Lawrence Mbuagbaw

### Objectives

To address key questions and concepts related to the design, conduct and reporting of systematic reviews.

### Brief description of content

This workshop/clinic will provide an opportunity for participants to address methodological concerns with planned or current systematic reviews. The session will include a brief overview of systematic reviews using a frequently-asked-questions (FAQS) format.

### Readings / Resources

Participants are expected to come prepared with issues related to their planned or current systematic reviews they would like to discuss.

### Biosketch of facilitator

Dr Lawrence Mbuagbaw (MD, MPH, PhD) is a Research Methods Scientist and assistant professor in the Department of Health Research Methods, Evidence and Impact, McMaster University. He is an editor for the Cochrane Infectious Diseases Group.
