

# Cochrane South Africa National Symposium

22-23 November 2022

---

## Clinical trials registration and reporting: Individual patient data (IPD) sharing and results reporting requirements

---

### Facilitator

Lindi Mathebula

Cochrane South Africa, South African Medical Research Council

Thobile Malinga

Cochrane South Africa, South African Medical Research Council

### Objectives

- Describe clinical trial registration importance
- Outline the steps to register a clinical trial
- Describe the difference between IPD sharing and results reporting
- Discuss data sharing statements for clinical trials

### Brief description of content

This session will consist of an interactive illustrated lecture on clinical trial registration and why it is important, including practical activities on distinguishing between IPD sharing and results reporting.

### Readings/resources

1. International Standards for Clinical Trial Registries – Version 3.0. Geneva: World Health Organization; 2018. Licence: CC BY-NC-SA 3.0 IGO.
2. Taichman DB, Sahni P, Pinborg A, Peiperl L, Laine C, James A, Hong ST, Haileamlak A, Gollogly L, Godlee F, Frizelle FA. Data sharing statements for clinical trials: a requirement of the International Committee of Medical Journal Editors. *Annals of Internal medicine*. 2017 Jul 4;167(1):63-5.
3. WHA75.8: The Seventy-fifth World Health Assembly clinical trials resolution on Strengthening clinical trials to provide high-quality evidence on health interventions and to improve research quality and coordination. 27 May 2022
